

FOR THE ATTENTION OF MR SADEQ KREMA - INTERNATIONAL
RELATIONS DEPARTMENT

1. We would be grateful for your assistance in the following matter regarding the presence of the Libyan Islamic Fighting Group (LIFG) in Syria:
2. As you will be aware from our recent discussions with your Service, we agreed that we would look at how we might engage the Chinese Services on the Islamic extremist target in China. We have already embarked on this project and we hope to be able to share with your Service what we know about the presence of North African extremists in this part of the world.
3. As part of our investigations we have identified a possible connection to the presence of LIFG in Syria but have very little knowledge of the presence of Libyan extremists currently in this country.
4. We would be most grateful therefore if you could update us with any information your Service could provide us with regarding LIFG associated individuals in Syria.

Many thanks for your assistance

Regards

Matthew [REDACTED]
